

Co-funded by  
the European Union

The project Educational Ventures has the goal to create a new school model by integrating outdoor learning with digital skills. It aims at:

Exploring new  
digital tools (AR-VR)

Challenging  
future  
educational  
approaches

Promoting  
environmental  
sustainability  
awareness

Cultivating  
motivation

Training  
responsible  
citizens.

Exploring cultural  
heritage
